The School of Law Living-Learning Community (LLC) is open to freshmen who are interested in attending law school post-graduation. Goals of the LLC are to introduce students to the law, teach them what is required to attend law school, and provide guidance on how to ultimately obtain a career in the legal industry.

The School of Law LLC will:

• Provide opportunities for students to learn about the law and legal education
• Provide mentors to help guide students throughout their freshman year
• Introduce students to Ole Miss Law
• Educate students on characteristics of successful lawyers.

LLC members will take a section of EDHE 105: The Freshman Year Experience together.

How to Join

If you’d like to apply for membership in this community, please email your resume and a statement on why you’re interested in law to lawadmissions@olemiss.edu.

Students who are accepted for membership will choose rooms in the LLC during part 2 of the student housing application process. Students who live in the LLC must have roommates who are also members. Spaces in the LLC will be available on a first-come, first-served basis.

For more information about opportunities available to community members, please contact Ole Miss School of Law staff at lawadmissions@olemiss.edu or (662) 915-6910.
