Room Reservation Priority

Recognized Student Housing organizations have first priority to schedule rooms. Organizations that do not have a designated meeting place on campus will have second priority to reserve rooms for meetings and activities related to that organization. University faculty, staff, and administrative groups, defined as those currently affiliated directly with the University will have third priority. The Department of Student Housing

does not intend to provide these spaces to organizations not affiliated with the University. Meeting rooms are booked on a first-come, first-served basis.

Student Housing may cancel a reservation, if the space is needed for its purposes. Student Housing reserves the right to cancel or deny existing and/or future reservation requests for any individual or organization which violates stated policy, regulations or procedures.

Space Request Form

Room reservations may be made by completing a space request form online:
