

Quarantine/Isolation Food Delivery

Dear Student,

Attached is the guide for placing food orders while in quarantine. When possible, please try to place orders in advance to allow us ample time to meet your needs. Please be specific on any changes, i.e. In your special instructions, please include which entrée you would like as well as the dressing type for your salad.

Breakfast will either be a hot/cold box or combination of the two. Lunch/Dinner items will come with a salad, dessert, and bottled water.

Deliveries will be facilitated 12PM, and 5PM and will be distributed in accordance with the amount of deliveries/proximity to campus. Please keep in mind **we deliver to designated quarantine/isolation locations only** which include the following: Campus Walk, Village, Northgate, and Brown. **These do not include off campus apartments or condos or any domiciles not assigned by the University.**

Additional beverages/snacks are available upon request and accessible by using your Flex account.

Please reach out with any questions.
