

The following email contains information about move-in at Ole Miss for 2022-2023. If you are not attending Ole Miss please click [here](#) to let us know so we can remove you from all future communication. Be sure to include your full name.

On July 15th by 4pm CT, move-in appointment times will be available for all students with a room assignment for the 2022-2023 academic year. Appointment times are used to stagger arrivals on campus and help alleviate lines and crowds in the buildings, creating a smoother and less stressful move-in experience for everyone.

The structure of the appointment times will vary day to day and building to building, so please make sure you are referencing not only your specific move-in date(s), but your building as well. Select buildings will be participating in a pilot program for move-in assistance, which will determine how move-in appointments will be assigned. **Please note that no student will be permitted to move-in without a move-in appointment time.**
