

Ole Miss Student Housing is excited to announce that we are offering spaces at The Quarters for the 2023-2024 school year!

Located on the edge of campus, this apartment complex will offer a more independent style living option for freshmen, while still boasting the experiences of living in a contemporary or traditional residence hall. Each of these furnished apartments will offer a private bathroom, a full-sized kitchen, as well as access to a variety of amenities such as the clubhouse, gym, and pool area. This property is also located on the OUT Bus Route, which provides safe and easy transportation to the main part of campus.

You can review the university's online campus map to see the location of The Quarters immediately west of the campus.

Student Housing will have a Community Director and Resident Assistants living, working, and providing programming for students who live at The Quarters.

The Quarters will be available for students to select during the room selection process that begins in early April, and all housing costs will be billed to the student's bursar account in the same manner as all other residence halls.

As our university continues to grow, this approach allows all incoming students to have a space within Student Housing. While contracting with a third party complex is new to the University of Mississippi, it is a common practice for universities that are experiencing growth in the same way we are. Student Housing is eager to continue offering an incredible first year experience to students who choose this living option.

If you have any questions, please contact Student Housing at 662-915-1091 or by email at housingma@olemiss.edu.

Hotty Toddy!
