You can now view a preassigned move-in appointment time or select a move-in appointment time in the Student Housing Portal.

As a reminder, all students will need an appointment time to be permitted to move in. In an email sent to you last week, we outlined the structure of these appointments.

If you are viewing a preassigned early arrival appointment:
1. Login to the Student Housing Portal (where you completed your housing application).
2. Choose your 2023-2024 housing application.
3. Please read through the information regarding Grad Guard insurance and choose to accept or decline coverage.
4. The What’s Next: Fall Move-In page will appear. Your preassigned move-in appointment will be on this page.

If you are selecting a Move-In appointment:
1. Login to the Student Housing Portal (where you completed your housing application).
2. Choose your 2023-2024 housing application.
3. Please read through the information regarding Grad Guard insurance and choose to accept or decline coverage.
5. The Appointments page will appear. If you have been preassigned an appointment time, it will appear under My Appointments. If you have not been preassigned an appointment time, use the calendar drop-down options or the day-to-day scrolling option located under Please book an appointment for yourself to search for your preferred day and time. (Note: If your preferred day or time is not listed, that means no appointments are available at that time.)
6. After selecting your appointment, scroll to the bottom and click the Save & Continue button to confirm your time. You will receive an email confirmation of your appointment, sent to your Ole Miss Gmail. If you do not receive a confirmation email, please log back into the portal to finalize any items. If you have been preassigned an appointment time, click the Save & Continue button to move to the next page. You will not receive a confirmation email.
*IMPORTANT: The Student Housing Portal has a limit to the number of students that can be logged in at one time. If you receive an error message, please be patient and check again at a later time to select your move-in appointment.

As a reminder, the move-in appointment times are used to alleviate the flow of traffic in and outside of our buildings. Once your appointment time begins, you are permitted to stay in your building and continue to decorate and make your new room feel like home. While there is not a limit on the number of people you can bring to help you move-in, we encourage you to consider the size of your room and the number of people moving in each day. Too many people may result in more hassle than help.

On your scheduled move-in day, you will be able to check in to your building on the Student Housing Portal using a smartphone. If you do not have your access to a smartphone, please visit your building’s front desk to complete this process.

We will continue to send updates and information regarding move-in logistics, information, and resources so please keep checking your Ole Miss Gmail.

If you have any questions, please contact our office at 662-915-7328 or email us at housing@olemiss.edu.

We will see you soon and Hotty Toddy!
